

Counsellor/Therapist

STOP Adult Programme – Christchurch

We are recruiting a highly motivated professional to work therapeutically with adults who have sexually abused and with their families. The successful candidate would be part of a supportive and dynamic professional team and will:

- Have experience and skills in therapeutic work with adults
- Be qualified in Counseling, Psychology, Social Work or equivalent
- Have an ability to work collaboratively in a multi-disciplinary team
- Be committed to the prevention of sexual abuse
- Having some experience of working in the area of sexual abuse and working from a systems perspective would be an advantage

STOP is a specialist provider of high quality community-based treatment programmes that make a difference in the lives of families affected by sexual abuse and successfully reduces sexual re-offending.

Specialist training will be provided to the successful applicant.
