

Psychologist – 2 Days Per Week

STOP Adolescent and Children's Programme – Christchurch

One year parental leave Position

STOP is a specialist provider of high quality community-based treatment programmes for adolescents who have sexually abused and for children who have engaged in harmful sexual behaviour

We are recruiting a highly motivated professional who will:

- Provide training to our team around mental health and psychometric assessment (as necessary)
- Consult with the team in regards to mental health issues
- Undertake cognitive assessment including administering relevant psychometrics and consult with the team re psychometrics
- Communicate psychological concepts in an accessible manner to children, adolescents and their families
- Provide education and support for parents of children and adolescents with mental health issues (and/or intellectual disability)
- Brief intervention with clients in regard to specific issues may be required.
