STOP Adult Services

Our services include:

- Assessment and intervention for adults aged 18+ who have engaged in harmful sexual behaviour including specific services for individuals with intellectual disabilities.
- Assessment and intervention to enhance a carer's capacity and ability to protect a child from the risk of harmful sexual behaviour
- Education and advice for family members and support people
- Consultation, education and training for professionals and community groups.

Community based programmes

Our services include risk assessments and programmes of intervention which are tailored to meet the needs of the individual. Our approach incorporates group and individual sessions and also education workshops for support people.

We offer services from our Christchurch, Dunedin and Nelson sites.

How to Refer

Our services are all fully funded and there is no cost to the individual.

Referral forms can be downloaded from our website.

Enquiries

General enquiries can be made by telephone or email.

Phone : (03) 339 4567
