

Stop Adolescent & Children's Services

Stop is seeking to employ a highly motivated professional whose life situation would allow them to fly to work!

Stop Services make a difference in the lives of children and adolescents who have engaged in concerning sexualised behaviour and harmful sexual behaviour. Clinical practice has an overarching trauma and attachment informed approach.

We are currently expanding our clinical services with children and adolescents in a number of regions across the South Island. While the position is best suited for a Christchurch base, we are open to expressions of interest from any South Island city with an airport. The suitable candidate is likely to need to travel several days each week.

The successful candidate will have the following attributes, skills and experience:

- proven therapeutic experience and skills in clinical work with adolescents and children
- experience in working with families in stressful situations
- qualification in psychology, counselling, social work, family therapy or equivalent
- an ability to work collaboratively in a multi-disciplinary team and work professionally alongside other social service agencies
- some experience of working with issues related to trauma and attachment is preferable
- excellent communication, relationship and organisational skills and enjoys contributing to a strong and reflective team.

Stop Provides a very supportive work environment with staff benefits that include:

- Free medical insurance
- 5 weeks annual leave and 10 days sick leave per annum
- A generous professional development package that is tailored to the individual's skills, alongside the direction of the service
- High quality supervision

For further information and help with obtaining your wings, please contact the Clinical Manager, Maureen Lorimer.

Applications for this position should include a cover letter and CV. Applications will be processed as they are received.
